

Lean Green Belt Certification

Pass the baton.

Advanced-level Lean.

Clay Schermerhorn of Allied Motion Technologies in Watertown received his Lean Green Belt Certification in March 2016. Clay joins around 60 other Lean Green Belt candidates certified by CITEC in the North Country.

Through project presentations and interaction, participants learn by doing ... and from each other.

Lean Green Belt Candidates

- Complete the entire 64-hour training program, participating as classroom leaders for at least two topics.
- Conduct a minimum 2-hour Lean training class within his or her facility or value stream
- Lead and document a major Kaizen project in his or her own value stream or facility.
- Volunteer to be available to work on Lean projects throughout his or her company.
